

## Product DATA

# iPAD NF1200 Fully Automatic Defibrillator - FA4701

**NEW**

The i-PAD NF1200A is a fully-automated external defibrillator (also known as an AED). The i-PAD NF1200A is designed for minimally trained individuals. Provides simple and direct voice prompts with instructions for straightforward rescue operations. Lightweight and battery powered for maximum portability.

### Features :

- Easy and Simple Operation (2 buttons)
- Efficient and effective e-cube Biphasic technology (BTE type)
- CPR coaching
- Lightweight (2.2kg) and compact
- Highly visible LED status indicators
- Wireless data transfer (IrDA)
- Automatic self test (Power on / Run time / Daily / Weekly / Monthly)
- Perfect for public facilities
- Indications for Use

Also available as semi automatic version FA4706 (Allows the individual to shock as opposed to being automatically operated.)
