# Cu-Point Display Module Systems

Height 1800 mm, Width 1000 mm, Depth 600 mm

# Cusack

A dual sided, multi-purpose display unit ideal for sites and work areas where there is a requirement for a designated safety point to be in place, highlighting site regulations, equipment and essential health and safety information.

- Easy to assemble.
- Easy to clean.
- Fully recyclable.
- Chemical resistant.
- Manufactured from UV Stabilised MDPE.
- Stackable for easy transportation.
- One person assembly & deployment.
- Additional clear plastic viewing panel can be added to the base.
- Base can be water ballast filled for extra weight.
- 4 anchor points to allow the unit to be pinned down if necessary.
- The Cu-Point is suitable for indoor or outdoor use and is fully weatherproof.
- Extra/Spare shelf available if required.
- Customizing available (see below).

**Cu-Point Extra Shelf**  
Code: CUPTSH

## CAN BE WATER FILLED

The Cu-Point is supplied as an empty unit making it completely adaptable and can be configured to suit your particular site or workplace needs. The water filled base makes it ideal for both temporary and permanent use.

## WEATHERPROOF

The top section can be used as a notice board area, complete with a clear plastic weatherproof viewing panel.

The base unit consists of a large shelf space, ideal for storing spill kits, fire extinguishers or first aid equipment.

A viewing panel can also be fitted to the base if required.

## COLOURS

Available in 4 colour options:  
Red/White, Red, Green, Yellow
