

Barrier Foot Weight

6.5 kg Stackable

Code: Grey: MERGCFBW-01 or Yellow: MERGCFBW-01Y

Weight: 6.5kg
Material: Recycled PVC Blend
Colour: Black / Dark Grey or Yellow

These heavy duty barrier foot weight blocks lock onto the feet of a Mergon, Olympic, Stacca, Titan, or Gate barrier. They are stable and dramatically increase the resistance of the barrier to tipping.

They are especially useful with anti-trip feet. The carry handle makes them quick and easy to transport. When stacked in pairs they are level, which makes them very easy to store, taking up very little space for their weight.

Fits the following barriers:

- Mergon barrier.
- Olympic barrier.
- Stacca barrier.
- Gate barrier.

ENGLISH WIND TEST

2m Mergon Barrier system, 2 in a row. English test complete with 1no. 6.5kg overshoe on each barrier, alternate feet.
