JAFCO

Description

Designed for modern worksites where protection, comfort, and sustainability go hand in hand. Made with high levels of recycled materials throughout the upper, lining, and accessories, this metal-free safety boot features a protective toecap, breathable membrane, reinforced TPU support, and a durable outsole for excellent stability, slip resistance, and heat resistance in demanding environments.

Features

- Metal-free safety boot for lightweight protection.
- Durable black microfiber upper with recycled breathable mesh.
- TPU support enhances stability and durability.
- Breathable recycled mesh lining with waterproof membrane sock.
- Cushioned PU/Epron insole for lasting comfort.
- Secure lace fastening with welding loops and plastic eyelets
- High recycled content throughout key components.
- Slip-resistant, heat-resistant outsole for reliable grip.

Standards

EN ISO 20345:2022+A1:2024 S7S HLO M SC SR HRO

HLO – Heel impact protection.

M – Metatarsal impact protection.

SC – Abrasion-resistant scuff cap.

SR – Slip-resistant outsole.

HRO – Heat-resistant outsole (up to 300°C).

Product Codes

JR90 (Available in sizes 3 - 14)
